They serve late!

Which expert do you need?

It takes time to figure out.

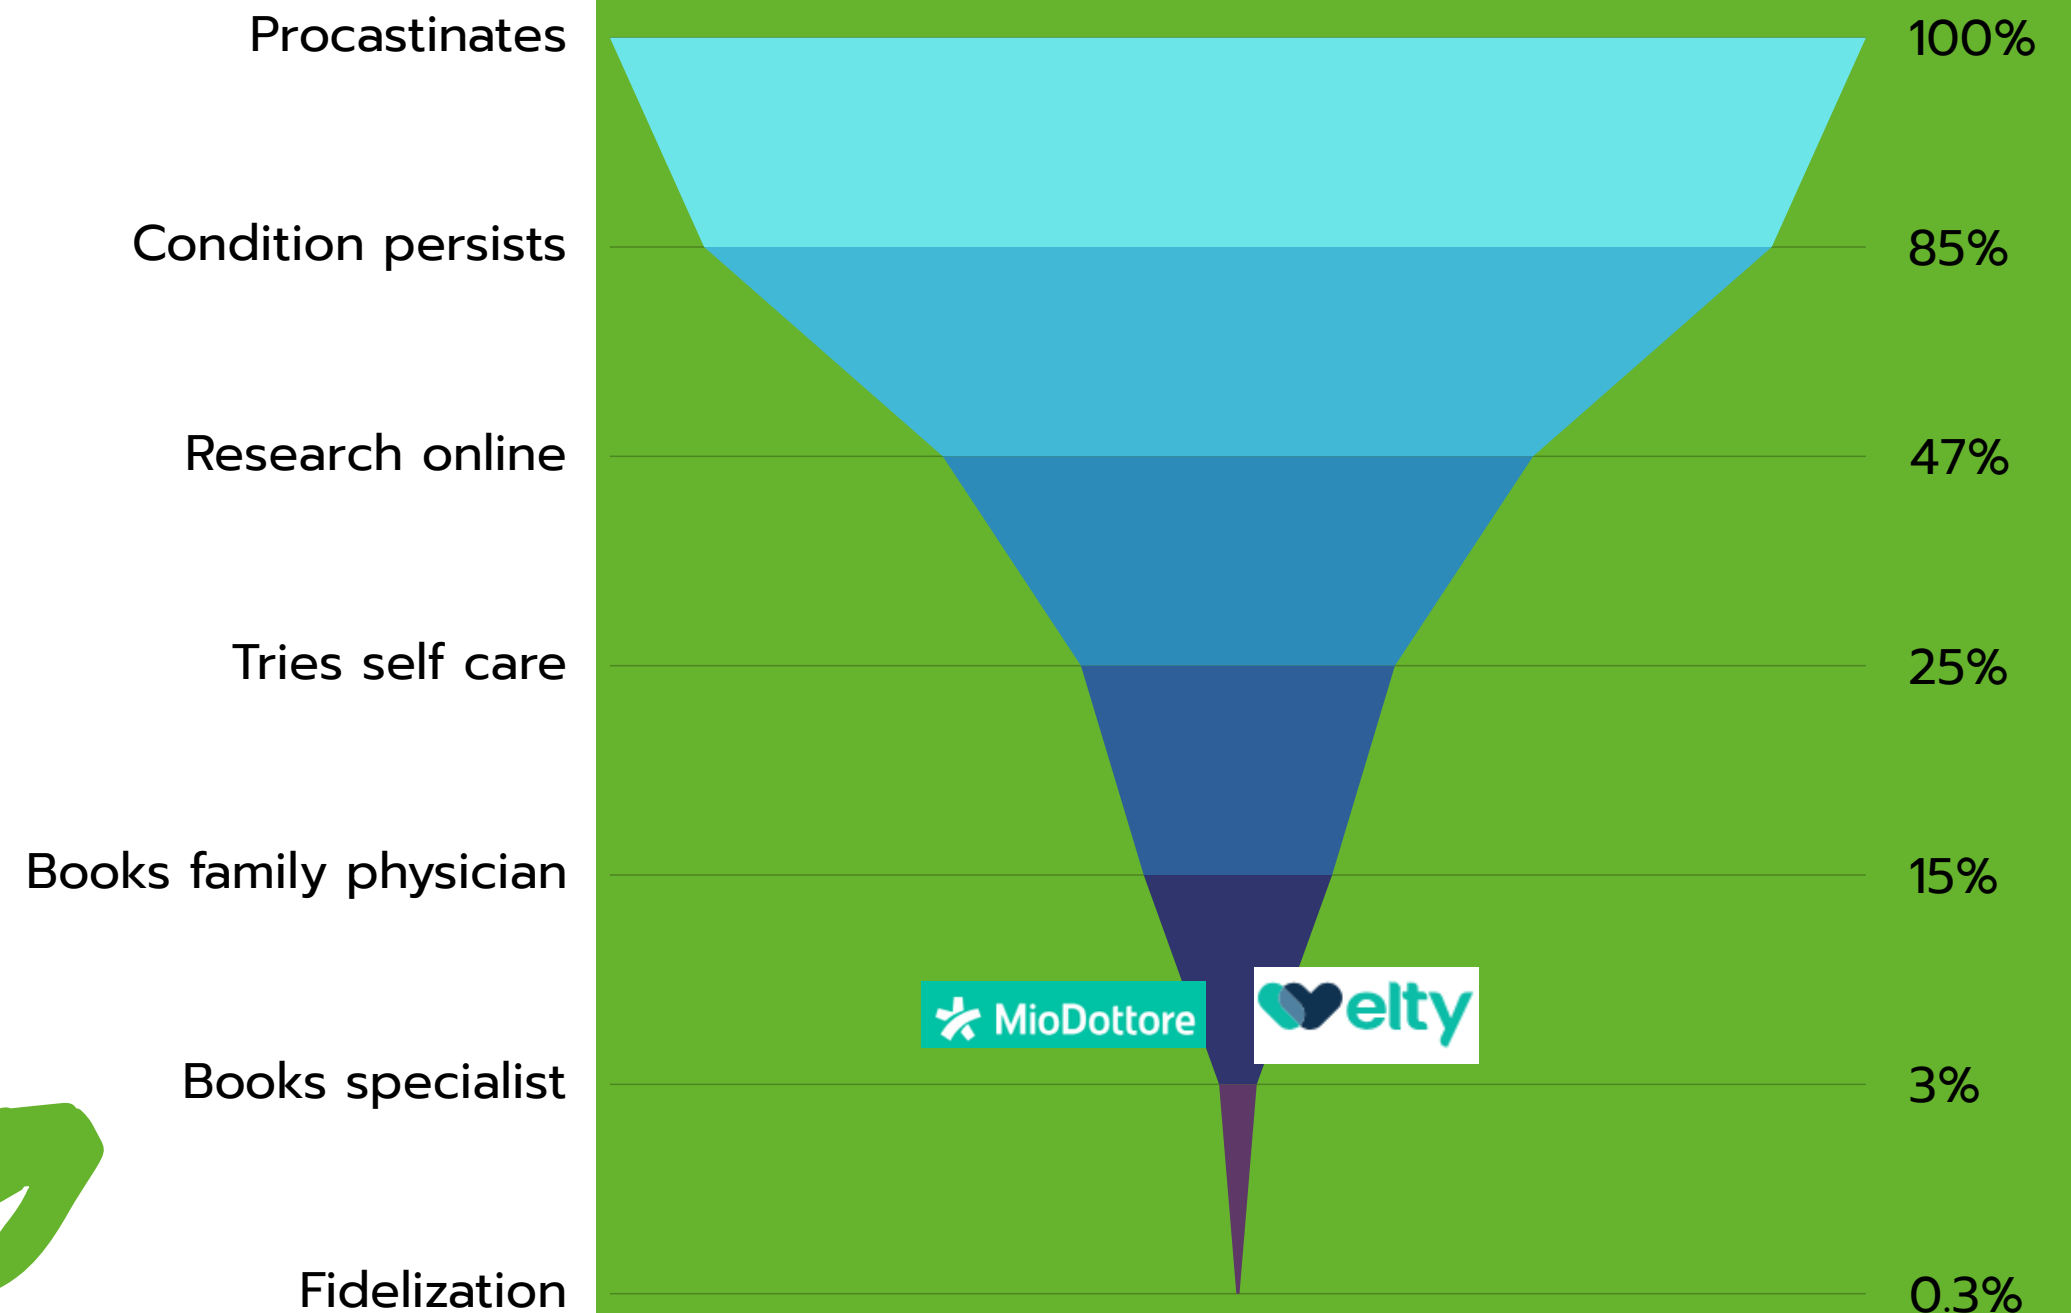

The problem

Can you spot the issue in today's healthcare platforms?

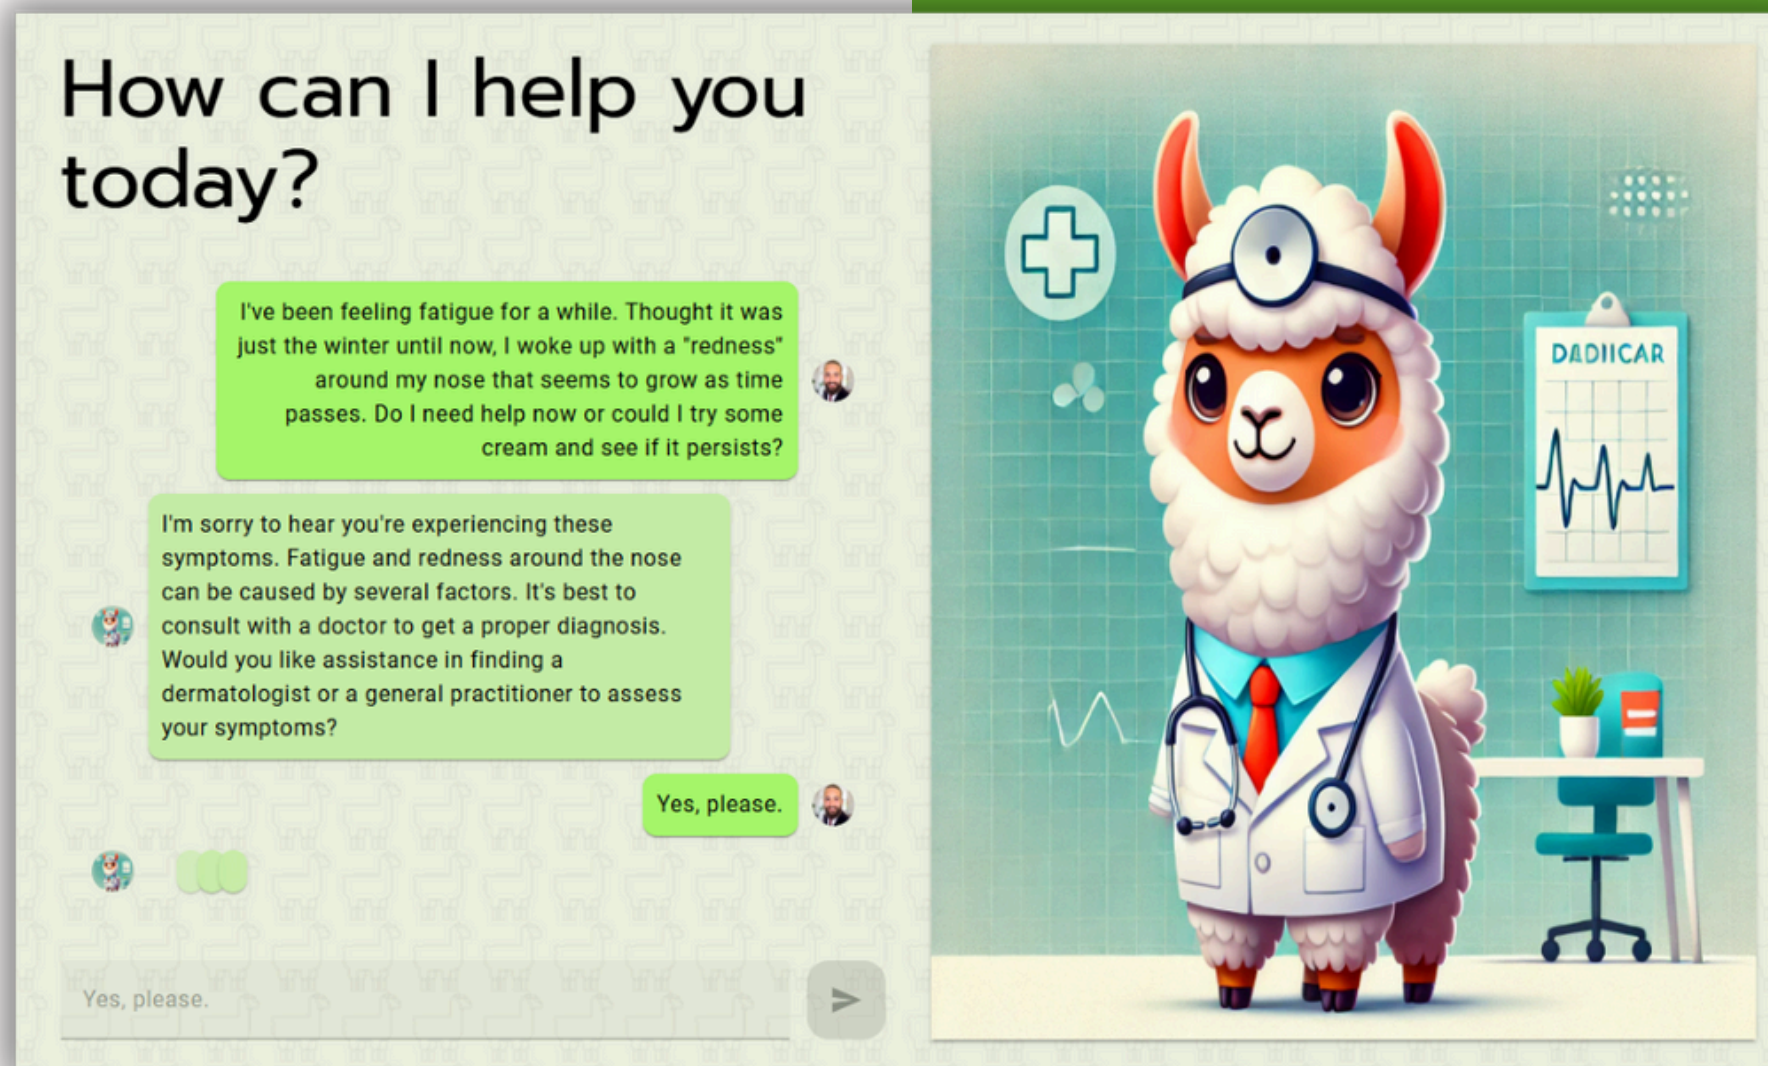

Customer journey

- Humans avoid effort, we try easy paths first.
- Far down the journey, we learn which expert we need
- Competitors serve customers down here

The solution

With llamaCare you don't need to know which expert in advance.

Just 3 easy steps

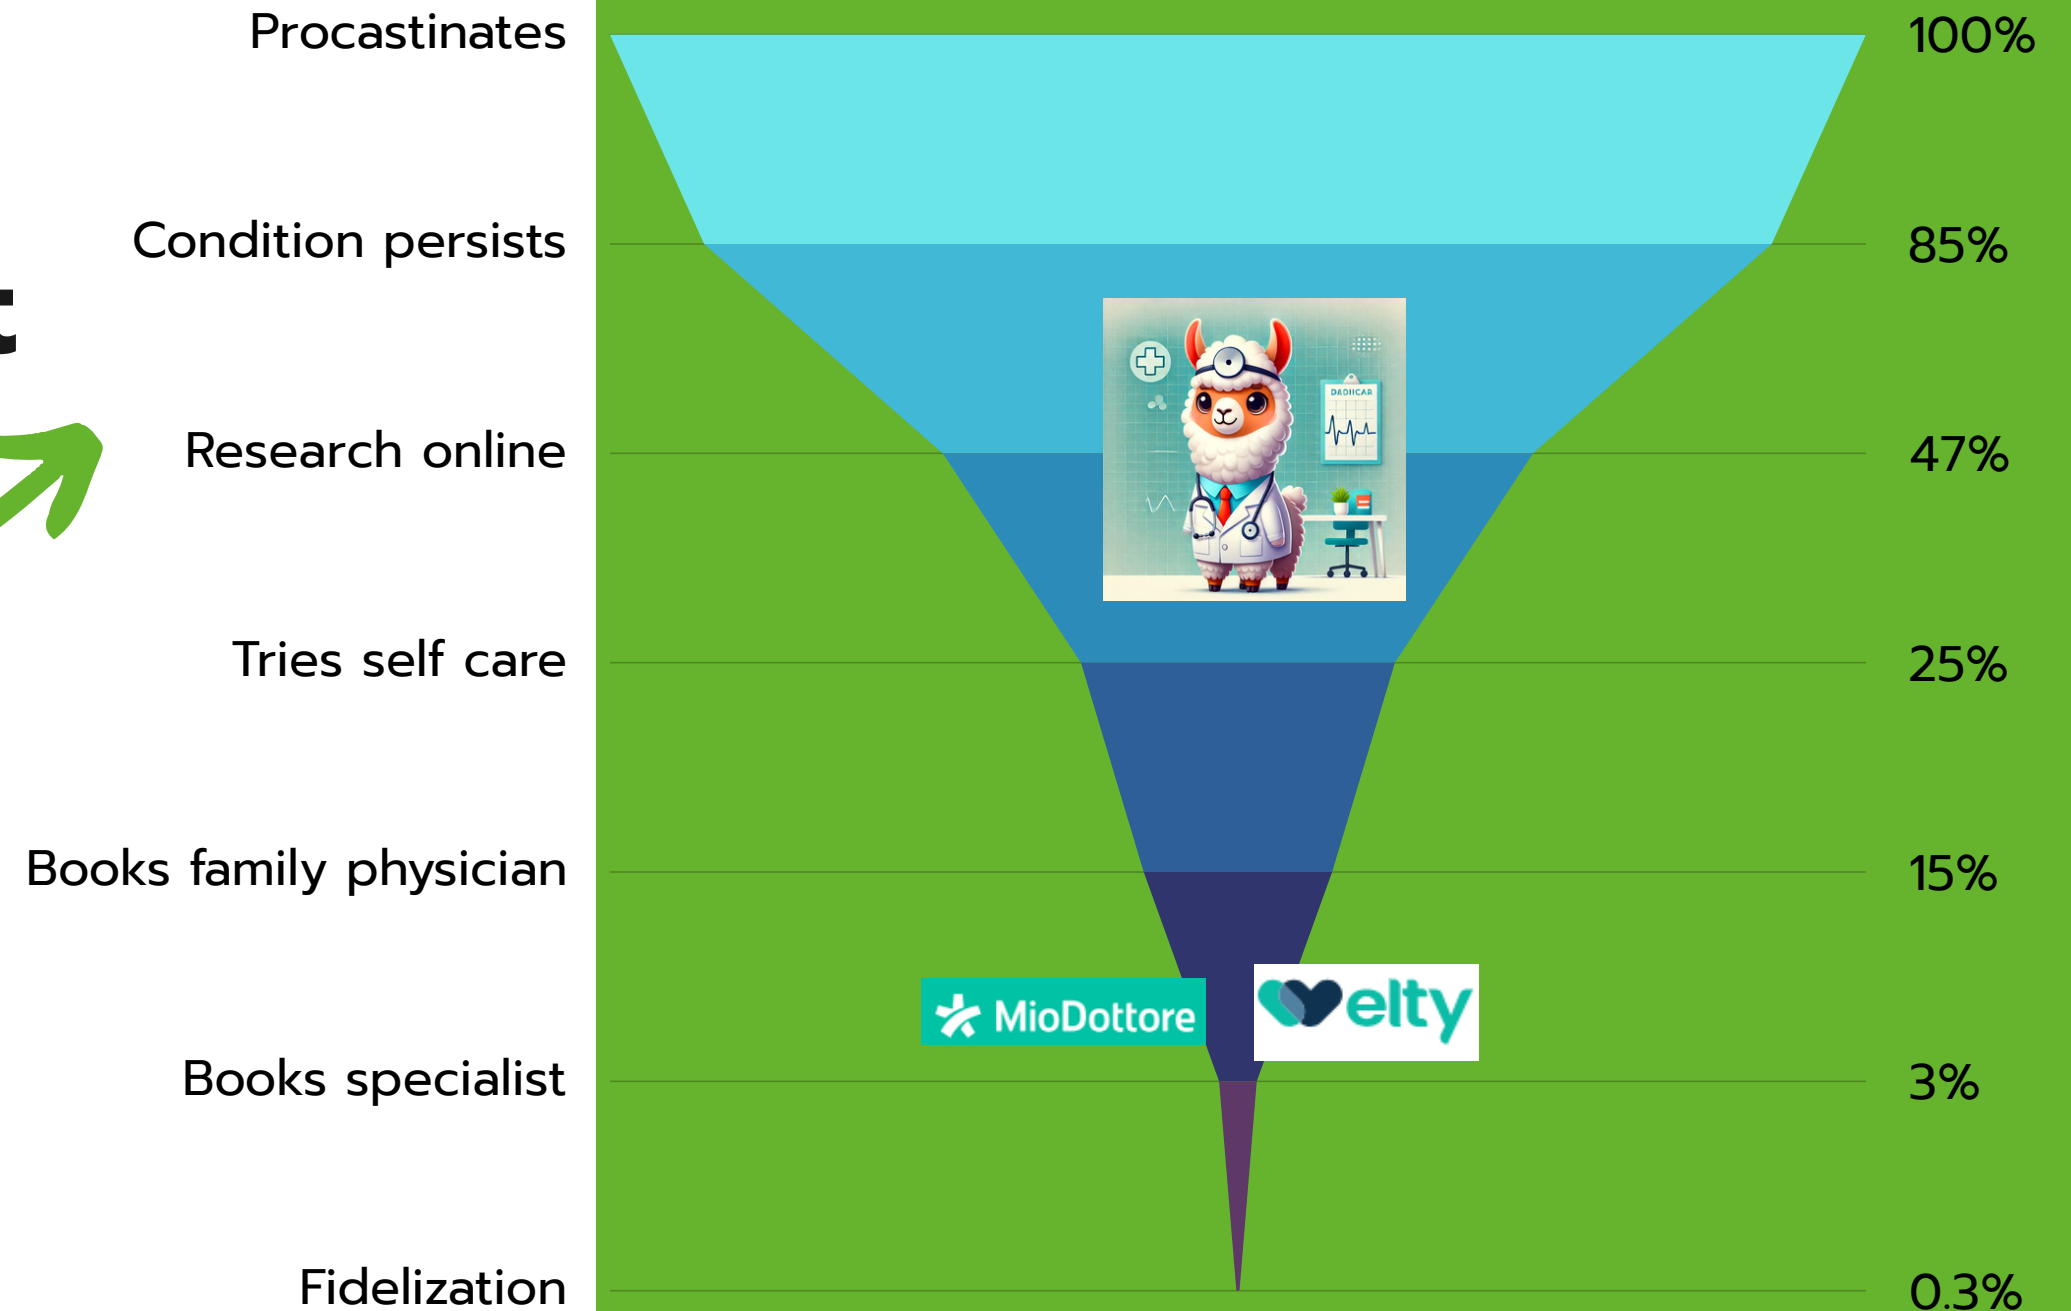

1. **Share concerns** in any language.
2. **Get feedback**, instantly.
3. **Schedule** an appointment.
